aquaterge™

solvated industrial laundry detergent

linden series | clean, soft, textile care

aquaterge is a heavily solvated industrial detergent uniquely designed for removal of petroleum based oils, painters ink, concrete stains, tapes and glues left on linens, operating room linen, and stubborn caramelized grease stains.

directions for use

As a pre-spotter: Spot stained area liberally; 'feather' with spotting brush if available. Allow to remain on stained fabric for at least 10 minutes before initial laundering. As a detergent: Add directly to wash wheel as needed: 10 -15 oz/CWT and run for 30 minutes at 175 degrees. If steam is being used to heat up washer, steam first and then add Aquaterge to wheel. Be sure to ventilate properly as the hydrocarbon odor may be irritating.
