

eighteen

solid flatware presoak | detarnish

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

Eighteen is a pre-soak solid that loosens, softens and soaks away food soils and films from silverware, stainless steel, flatware and glass. It is also a superb silver detarnishing product.

features

- Formulated with a blend of detergents, emulsifiers and buffered alkali to effectively and safely loosen food soils from utensils before subjecting to mechanical or automatic dishwashing.
- A versatile product that's safe on all metals and works well even in hard water conditions.
- A multi-functional product that can also be used as a superb detarnishing agent for silverware.
- Extremely economic when used with Santec automatic dispensing equipment; effective at usages as low as 1/2 ounce per 3 gallons water.
- Packaged in convenient, disposable capsules.

ideal for

Flatware, silverware, pots, pans, dishes, glassware and other kitchen utensils.

optimal applications

Restaurants, cafeterias, schools, hospitals, kitchens, hotels, motels and nursing homes.

environmentally preferred green cove™
