eleven™

drain | sewer treatment

resolve series | high-performance food service solutions

Eleven digests and degrades a wide range of fats, oils and grease making it possible for other solids to flow through the system. Where other cleaners mask odors our Eleven eliminates them, by digesting the organics that cause them. Eleven is made up of 100% non-pathogenic, beneficial bacteria and organic cleaning compounds, making it non-toxic and safe for the environment.

directions for use

For automatic dispensing please contact your Santec representative for setup. **GREASE TRAPS:** For less than 20 cubic feet capacity, add 4-5 oz. of product daily by pouring in a sink or pipeline closest to the trap. This should be done at night or when the traps are used the least. After adding, flush down with a cup of lukewarm water. For grease traps larger than 20 cubic feet, add 8-10 oz. daily using the same procedure. **DRAIN AND PIPE LINES:** Use product a minimum of 2 times weekly to a maximum of 4 times depending on the usage of the building. Add 2 oz. of product per inch diameter, by pouring directly into drain pipe starting on the lowest floor and working up at a rate of one floor each day. Do not treat same floor twice. When the top floor is reached, continue from the top floor only.

WARNING

HAZARD STATEMENTS

May cause eye or skin irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles, face shield, boots. Wash thoroughly after handling.

FIRST AID

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist. Skin Contact: Wash skin with copious amount of water. Seek medical attention if symptoms persist. Inhalation: Remove to fresh air. Seek medical attention if symptoms persist. Ingestion: Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food and drink. Keep out of reach of children.

SPILL / LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.

HAZARDOUS INGREDIENTS

Proprietary formula containing bacterial culture and surfactants.
