

formula 576

degreasing booster | pre-treatment

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

Formula 576 is a 100% active citrus based laundry additive. It can be used as a laundry booster, as a pre-soak or as a pre-spotter.

Features

- A 100% active citrus degreaser that is a superior laundry booster for commercial laundries processing heavily soiled oily and grease laden textiles.
- Very economical when used as a laundry pre-soak.
- Extremely convenient and effective as a pre-spotter - spot stained area liberally, product will 'wick' out by itself!
- Effective in laundry wash at temperatures as low as 120 °F.
- Leaves a fresh citrus fragrance with no objectionable petroleum solvent odors.
- 100% biodegradable and environmentally friendly.

optimal applications

Commercial laundries, hotels, motels, health care facilities, nursing homes, and dry cleaners.

environmentally preferred green cove™

This product meets our Green Cove standard. Environmentally Preferred Green Cove products reflect our commitment to protect the environment, operate in a sustainable fashion and deliver products that make a difference for our planet and our customers every day.
