

fourteen

enzyme enriched floor cleaner

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

Fourteen is a unique combination of surfactant, bacterial and enzyme technologies in one product. It penetrates the most difficult built-up layers of embedded grime in pores, cracks and crevices in kitchen floors - leaving them sparkling clean, slip-free and malodor-free.

features

- Fastest cleaning available for concrete, ceramic tile, quarry tile, and brick.
- Inherent biological action continues to clean in cracks and pores between regularly scheduled cleanings helping to keep grease accumulation to a minimum.
- Used regularly, floor grout will return to its original white color.
- Controls malodors emanating from kitchen floors by digesting the organics that cause them.
- No rinse needed after mopping.

ideal for

kitchen floors, food preparation floors, meat packing rooms, etc.

optimal applications

Restaurants, cafeterias, food processing plants, bakeries, supermarkets, hotels, schools, hospitals, nursing homes.

environmentally preferred green cove™
