

# grey

mop on restorer

flashback

**fusion series** is our line of housekeeping products designed to be easy to use, efficient and safe. From state-of-the-art dispensing solutions to clear, simple color-named packaging, we've created fusion products in ways that make house-keeping a pleasure.

**Grey** is a concentrated, water-based cleaner and gloss restorer for floors. It is capable of restoring that "wet look" to floors. Grey has excellent "repairability," it provides cleaning of the finish surface of floors and repairs deep scuff marks, as well as removing black heel marks. Grey can eliminate the need for frequent mopping, stripping, and refinishing of floors. With Grey, pre-burnishing restoration may be conducted 1 to 2 times per week, or just when significant gloss enhancement is needed (but deep scrubbing and recoating are not practical). Unlike some floor products, Grey has a mild citrusy odor that is not harsh or overpowering.

## features

- An excellent maintainer, leaving the finished surface spanking clean including removal of black heel marks while repairing deep scuff marks and scratches.
- A great restorer, resulting in floors re-acquiring a brilliant gloss without need to re-apply finish.
- Reduces need for constant mopping, stripping and re-finishing of floors.
- Very economical as only 1 – 2 ounces per gallon is sufficient in mop-on application and 2-4 oz. in auto-scrubber application.
- Ease of application as no rinse is required – burnishing that follows removes residues from the floor while it boosts the gloss.

**ideal for** Hotels, motels, health care facilities, nursing homes, schools, super markets, department stores, office buildings, eating and drinking establishments.

## environmentally preferred green cove™

This product meets our Green Cove standard. Environmentally Preferred Green Cove products reflect our commitment to protect the environment, operate in a sustainable fashion and deliver products that make a difference for our planet and our customers every day.

## product specifications

|                       |                |
|-----------------------|----------------|
| Physical Description  | Clear Liquid   |
| Viscosity             | Water Thin     |
| Color                 | Water White    |
| Flashpoint            | >190°F         |
| Fragrance             | Mild Citrusy   |
