

rubidium

industrial strength pumice hand cleaner

element series consists of specialty products formulated to offer effective and safe solutions for customers' unique cleaning needs. For each solution developed another 'element' is added to the series. Providing our customers with the right solution for each task.

Rubidium is a heavy duty hand cleaner containing finely ground pumice, citrus oils, emulsifiers and emollients that is great for cleaning heavily soiled hands in industrial settings while leaving the hands with a 'soft' feel and a pleasant orange aroma.

features

- Formulated with a blend of citrus oils, pumice, emulsifiers and emollients, it removes the most stubborn industrial soils including grease, tar, inks, resins, paints, adhesives and asphalt.
- Very finely ground pumice helps remove ground-in dirt and oils without 'roughing up' the skin.
- Formula enriched with blend of emollients to protect the hand and leaving them with a moist, soft feel.
- As a concentrated formula, a single squeeze from the pump usually delivers sufficient product to clean the most 'unsightly' hands.
- The citrus oil blends not only supplies great degreasing power but also leaves the hands with a pleasant orange scent.

optimal applications

Auto repair facilities, machine and tool shops, equipment repair facilities, maintenance shops, printing shops, plumbers supply shops and more.

environmentally preferred green cove™
