

thirty
foaming acid cleaner

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

Thirty is a non-fuming, high foaming acid cleaner formulated to efficiently remove hard water scale and proteinaceous food film from food processing equipment - primarily aluminum, galvanized and stainless steel. It not only cleans the surfaces, it imparts them with a renewed brightness and shine.

features

- Rapidly solubilizes and removes hard water scale and protein films from metal surfaces of food processing equipment; also effective on fiberglass and plasticware surfaces.
- Produces a stable, high foam allowing it to be efficiently and economically applied with foam generating devices.
- Can be used on most painted surfaces without causing any harm.
- Excellent for renewing original brightness and shine on stainless and aluminum surfaces.

Note: Because this is an etching type of cleaner, DO NOT use it on highly polished metal surfaces. If contact does occur, immediately flush with water.

Ideal For:

Removal of protein film and hardness scale in food process equipment; cleaning and brightening of stainless steel, galvanized metals and aluminum surfaces.

Applications:

Meat and poultry processing plants, bakeries, bottling plants, dairy farms, eating and drinking establishments, nursing homes and hospitals.

product specifications

Physical Description	Clear Liquid
Color	Tan
Odor	Mild, acidic
pH	1.0 - 1.5
Viscosity	Water thin
Flash Point	None
Weight Per gallon	10.34 lb. /gal.
Storage Stability	1 year minimum
D.O.T. Shipping label	Corrosive liquid, acidic, inorganic, n.o.s. (phosphoric acid)
