thirty twoTM
destainer + cleaner

resolve series | high-performance food service solutions

Thirty Two is a non-abrasive, granular peroxygen based destaining compound that safely removes coffee and coffee oils, tea and food stains from plastics and china; Also removes rancid coffee oils and tannins from aluminum and stainless steel coffee urns.

directions for use

De-staining plastic and china dinnerware: Dissolve 1.5 tablespoons of resolve thirty two per one gallon of water. Keep solution hot between 140° and 160°F. Immerse utensils, let soak until stains are removed. Rinse thoroughly in clear water or put them through dishmachine. De-staining coffee and tea makers (automatic fill): Insert coffee filter into basket and measure 1.5 tablespoons of resolve thirty two into filter per one gallon. Run brew cycle. Run tea/coffee cycle-twice if necessary. Flush with clean water until solution is clear. Note: If coffee maker is made of aluminum, dissolve resolve thirty two in another container first. Allow solution to settle-then pour only clear solution into coffee maker. Undissolved resolve thirty two may etch or discolor aluminum. De-staining coffee and tea dispensers (portable type-thermal): Flush empty container with clear water. Scrub all parts with a solution of resolve thirty two, 1/2 to 1 oz. per gallon of hot water. Rinse thoroughly with fresh water and invert to air dry.

WARNING

HAZARD STATEMENTS

Risk of serious damage to eyes.
Harmful if swallowed.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles, face shield, full suit, vapor respirator and boots. Do not breathe dust /mist. Wash thoroughly after handling.
