

# titanium

concentrated truck | trailer wash

**element series** consists of specialty products formulated to offer effective and safe solutions for customers' unique cleaning needs. For each solution developed another 'element' is added to the series. Providing our customers with the right solution for each task.

**Titanium** is a concentrated truck and trailer wash formulated to readily remove road film, exhaust deposits and bird and bug residues from painted and unpainted surfaces, including aluminum.

### features

- As a concentrate it can be diluted by as much as 25 to 1 with water and still perform well for heavy duty cleaning.
- The blend of detergents, chelators and alkaline builders all rinse freely eliminating streaking.
- For rapid cleaning apply and rinse with high pressure and hot water; if not possible, can use low pressure and/or cold water.
- When applied under ideal conditions product cleans effectively without manual brushing.
- All ingredients biodegradable with no VOC's, caustic or phosphates so effluent is environmentally desirable.

### ideal for

Washing trucks and trailers in high pressure/hot water brushless applications.

### optimal applications

Truck washes, professional truck washing services and truck leasing facilities
