twelve™

destainer | cleaner

resolve series | high-performance food service solutions

Twelve is a powerful alkaline chlorinated warewash destainer and cleaner that safely and rapidly bleaches coffee, tea, and food stains while also removing tenacious adsorbed oils from plastics, china, glass and metal surfaces.

directions for use

De-staining plastic and china dinnerware: Pour 1/2 oz. Twelve into one gallon of water and keep solution between 140 – 160 degrees F. Immerse utensils, allow them to soak until stains are removed. Rinse thoroughly in clear water or put them through dish machine. **De-staining coffee makers:** Prepare solution as above. Circulate solution through coffee maker until stains disappear; usually ten minutes is sufficient. Flush with clean water. **De-staining thermal portable type tea and coffee dispensers:** Flush empty container in clear water. Scrub all parts with a solution of Resolve Twelve, prepared as noted above, 1/2 oz. per gallon of hot water. Rinse thoroughly with fresh water and invert to air dry.

WARNING

HAZARD STATEMENTS

May cause skin irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves, splash goggles and protective clothing. Do not breathe mist /vapors /spray. Wash thoroughly after handling.

FIRST AID

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist.
